Bring it on home to me mama, you've been gone so long.
Bring it on home to me mama, you've been gone so long.
I've got rocks in my bed baby, everything I do is wrong.

Been raining five long days and nights, looking through my windowpane.
Raining five long days and nights, looking through my windowpane.
With rocks in my bed and empty arms, it's enough to drive a man insane.

Come on home to me mama, can't take it by myself.
Come on home to me mama, can't take it by myself.
I'm in love with you baby, and I don't need nobody else.

Come on home to me mama, come on home to me now.
Bring it on home to me mama, 'cause I just can't take it by myself.
All the love I built around you baby, you in love with somebody else. Rock it!

Yes, bring it on home baby, just have to let you go.
Yes, I got to let you go, can't get along no more.
Yes, somebody 's gone baby, and your daddy 's got to go.
