I'm a deep sea diver with a stroke that can't go wrong.
I'm a deep sea diver with a stroke that can't go wrong.
Don't be afraid to swim with me baby, I carry my life
saver along.

Yes my baby knows how to thrill me, she thrills me
night and day.
Yes my baby knows how to thrill me, she thrills me
night and day.
Sometimes she ride me so fast in her automobile, it
takes my breath away.

She baked my first jelly roll, it's the best I've ever
found.
She baked my biscuit, she baked them so nice and
brown.
And what pleases me so, she bakes with her damper
down.

When you get good lovin,' don't never spread the
news.
When you get good lovin,' don't never spread the
news.
'Cause that's why I'm alone today, with these empty
space blues.

I don't mind laying down when I'm sleepy, behind me
there's an empty space.
I don't mind laying down when I'm sleepy, behind me
there's an empty space.
But I can't get the one I love to fill that empty place.

Boys, I got something good one time that thrilled me
through and through.
Boys, I got something good one time that thrilled me
through and through.
I told my pal and I found him ravin,' I guess he must
have had some too.
