Baby, I've got a whole lots of squeezin', and a whole lot of pleasin' for you.

Baby I've got a whole lots of squeezin', and a whole lot of pleasin' just for you.

And the way I'm gonna love you, baby I now you gonna squeeze me too.

You so fine, so mella, you're really built for speed.

Baby, you're so fine, so mella, and you're really built for speed.

And when I look at that fine brown body, you've got everything a good man need.

You're so fine and mella, you just about my size.

Yes, baby, you're so fine and mella, and you just about my size.

And every time my love comes down, when I look into your big brown eyes.

Baby, you've got what it takes, and you a whole lotta woman to see.

Yes, baby, you've got what it takes, and you a whole lotta woman to see.

And when I look at these big bow legs, baby, yes, you got everything belongs to me.
