"Make Love To Me, Baby"

Visit "[Make Love To Me, Baby](#)" on MotoLyrics.com

Yes, come on and make love to me baby, if it takes you all night long.

Yes, come on and make love to me baby, if it takes you all night long.

I wanna make up for the time, and the months, and the days that I've been gone.

You used to love me when the sun is shinin', and when the lights are low.

Yes, you used to love me when the sun is shinin', and when the lights are low.

Yes, you had a certain way of stoppin', that made me cry for more.

Yes, the way you love me baby, it upsets my very soul.

Yes, the way you kiss me baby, it upsets my very soul.

And when I look at that fine brown body of yours, oh Lord, it knocks me cold.

I was so nuts about you, baby I was almost insane.

Yes, I was so nuts about you, I was always in a trance.

Can you remember the day baby I left home for work, and I forgot my pants?
