I've got a cool little kitten, her name is Susie May.
Yes, I've got a cool little kitten, her name is Susie May.
Jack, she 's really something special, that you just don't
find every day.

Yes, she 's my doctor when I'm sick, she 's my comfort
when everything goes wrong.
Yes, she 's my doctor when I'm sick, she 's my comfort
when everything goes wrong.
She 's my little kitten Susie, she has my true love until
I'm dead and gone.

She knows when I'm worried, she knows when I'm
feelin' blue.
She knows when I'm worried, she knows when I'm
feelin' blue.
She's the kind of woman, will pull any good man
through.

She kisses me early in the mornin', hold me in her arms
every night.
Kisses me early in the mornin', hold me in her arms
every night.
And when it starts to pourin' down rain, Jack, everything
is really all right.

She 's a cool little kitten, she really upsets my soul.
She 's a cool little kitten, she really upsets my soul.
And the way my baby hold me and kiss me, rest will
never be told.
