Yeah, well, well, well, baby, don't have to cry anymore.  
Oh, well, well, baby, don't have to cry for you anymore.  
Yes, you walked out of my life, when you walked out of  
my door.

Yes, I'm so glad, so happy, so happy and glad to be.  
Yes, I'm so glad, I'm so happy and so glad to be.  
Yes, I just found out baby, why you been mistreatin'  
me.

Don't tell me you're sorry, I've heard that same lie  
before.  
Baby, don't tell me you're sorry, I've heard that same  
lie before.  
Just don't bother about explainin' baby, just walk out the  
door.
