"Old Fashioned Love"

I've got that ol' fashioned love in my heart.
And there it shall always remain.
My love is like a ivy vine, clings closer all the time.
Through the years, joys and tears, just the same.

I've got that ol' fashioned faith in my heart,
That no change can ever tear it apart.
When the dry land change to sea, it will never make a
change in me.
I've got that ol' fashioned love in my heart.

When the dry land change to sea, it 'll never make a
change in me,
'Cause I've got that ol' fashioned love in my heart.
