"Pleasing You"

As long as I live,
I want to give,
All the love that I have to you.

As long as I live,
I want to do,
All the things in life that pleases you.

When the moon 's on high,
I know the reason why.
Stars in heaven's blue,
Know I'm so in love with you.

For as long as I live,
I want to do,
All the things in life that pleases you.

When the moon 's on high,
It knows the reason why.
Stars in heaven's blue,
Know I love only you.

For as long as I live,
I want to do,
All the things in life that pleases you.
