My blues starts 'long about midnight, don't leave me  
until the break of day.  
My blues starts 'long about midnight, don't leave me  
until the break of day.  
Only takes the one I love, to drive these worried blues  
away.

So many nights an' days, an' I cried myself to sleep for  
you.  
So many nights an' days, an' I cried myself to sleep for  
you.  
An' the reason why I still forgive you baby, nobody  
understands you the way that I do.

When I cry it's because I love you, you've hurt me an' I  
jus' can't help myself.  
When I cry it's because I love you, you've hurt me an' I  
jus' can't help myself.  
All the love I have in my heart for you, tryin' to serve it  
to someone else.

But I'll be seein' you baby, when your tears be fallin'  
down like drops of rain.  
But I'll be seein' you some day baby, when your tears  
be fallin' down like drops of rain.  
You'll give anything in your life, jus' to hear somebody  
call my name.

I know you wonder why I never scold you, because I  
don't care where you go.  
I know you wonder why I never scold you, because I  
don't care where you go.  
Once upon a time I loved you an' you hurt me, things  
ain't the same no more.
