There 's some changes made, baby I've got to let you go.

Yes, it 's been some changes made, I have to let you go.

'Cause this double life you leadin', don't mean me no good anymore.

You want to drink and gamble, you want to stay out all night long.

You want to drink and gamble, wanna stay out all night long.

If you don' mean me no good baby, you just have to let me alone.

I want a woman I can love, and tell the whole round world she 's mine.

I want a woman I can love, tell the whole round world she 's mine.

Yes, and when I've got you baby, I just have you on borrowed time.

'Cause sometimes you with me, but the most of the time you gone.

Yes, sometimes you with me, but most of the time you gone.

I can't say you my wife, 'cause you live in somebody else's home.

I been good to you, would do anything you say.

Yes, I been good to you, do anything you say.

But you've hurt me so long, drove my true love away.

You don't how much you gonna need me, until I walk out your door.

You don't how much you gonna need me, until I walk out your door.

And all the love and kindness you used to get from me, you won't find that anymore.

'Cause nobody wants you, as long as you by yourself.

Nobody wants you baby, as long as you by yourself.

But anybody 'as got something good to tell you, when
you getting along with somebody else.

Yes, when I leave you baby, then you will understand.
Yes, when I leave you baby, and then you will
understand.
You'll know how it feels, when you have to drag from
man to man.
