Real woman now days, is so hard to find.  
Yes, a real woman now days, is so hard to find.  
Baby, and if you want my money, you just throw it out  
you're mind.

If you mean right baby, I'll stick by you night and day.  
If you mean right baby, I'll stick by you night and day.  
But if you're after my gold, baby, then you better be on  
your way.

I'm only puttin' out love, so go to work and bring me  
your gold.  
I'm only puttin' out love, so go to work, baby, and bring  
me your gold.  
And if I catch you holdin' out on me, baby, have mercy  
on you soul.

You my baby, and I don't want you messin' aroun'.  
Yes, you my baby, and I don't want you messin' aroun'.  
And if you can't stop that messin' aroun' baby, stop and  
put my money down.
