Her smile will probably hit you first

Leave you at a loss of words

Those eyes'll take you way too far

Leave you wonderin' where you are

When she moves that certain way

It never ceases to amaze

I know I'm a lucky man

She's almost more than I can stand

Chorus:

I've got more than enough so

How could I want for much

When I've got all the above

She's got a heart that's strong and true

And there ain't nothin' mine won't do

To make it absolutely clear

Th at I need her love right here

Chorus

When we're all alone at night

With only one thing on our minds

What we share is awful good

What we want is understood
