I cannot sleep tonight, I have you on my mind
Even the wind is calling your name
Though you are far away, I feel that you are near
Whispering words from over the sea
And if you wake in your night, remember that I will be
here

And like the same sun, that's rising on the valley with
the dawn
I will walk with your shadow and keep you warm
And like the same moon, that's shining through my
window
here tonight
I will watch in your darkness
Bring you safely to the morning light

Where there is love like this, forever for all time
I will be there wherever you are
Where there are hearts that live together in one soul
Nothing will ever keep us apart
And if you're crying inside, remember that I will be here

And like the same sun, that's rising on the valley with
the dawn
I will walk with your shadow and keep you warm
And like the same moon, that's shining through my
window
here tonight
I will watch in your darkness
Bring you safely to the morning light
