Live for the day (the day)
Share every precious moment
And I'll be there... I'll be there

[Verse 1]

I can't wait until tomorrow
There's so much that I have to see,
Find the road that we must follow, Destiny
Take my hand and lead me always
Show me the world that is in my dreams
Be the light that's always shining
Over me, cause I believe...

[Chorus-both]

That we must live for the day
Share every precious moment
This is the way we'll be forever
We must live for the day
Treasure these special memories
And I'll be there
I'll be there for you

[Verse 2]

One by one the leaves are falling
One by one the years go by
Noone knows when winter's calling
For you and I, to say goodbye

[Chorus-both]

And so we live for the day
Share every precious moment
This is the way we'll be forever
We must live for the day
Treasure these special memories
And I'll be there
I'll be there for you

[Verse 3]

I'll be there, someone to watch over you
I'll be there, when you need my love
Take my hand, this is where I'll always be

Take my hand, I'll be here for you

Live...

Share...

[Both]

We must live for the day

Share every precious moment

And I'll be there (be there, be there)

I'll be there, for you

Live for the day (for the day, for the day)
