Good morning, blue rider, and how was your night?
Did you meet a nice woman, did she make you feel
alright?

I heard you came in from the country, looking for a
good time.
You walked round the hot spots, and you met some
good friends of mine.

Oh mojo, come here, give my friend a glass of wine,
strange flavour,
That's right, it's a new recipe of mine- c'mon.

Pull up a chair, I want you to hear,
Have no fear and I'll tell you what goes on here.

I pick people up off the roadside, and lift them high in
the sky,
There's no sense in walking on the wrong side, you
gotta live before you die
Anything that takes your fancy, you can have for free,
Wine, women and dancing, but you've got to sell your
soul to me,
'cos once you are in, you'll never get out from sin city,
sin city.

Good morning, blue rider, and how was your night?
Did you get the best deal from your body, did she
make you feel alright?
Well she did 'cos she's my friend...

I pick people up off the roadside, and lift them high in
the sky,
There's no sense in walking on the wrong side, you
gotta live before you die
Anything that takes your fancy, you can have for free,
Wine, women and dancing, but you've got to sell your
soul to me,
'cos once you are in, you'll never get out from sin city,
sin city.
