How dare she change her mind
Break my heart, go and find
Someone to take my place, take her hand, walk away
Oh, what nerve
I'll show her
That'll do it that'll, serve her right
I'm gonna miss her every night
And if I love her for the rest of my life
That'll teach her, that'll teach her
Now did she really think I'd forget everything
And just cause she moved on, I would too
She was wrong
Oh what nerve
I'll show her
That'll do it that'll, serve her right

I'm gonna miss her every night
And if I love her for the rest of my life
That'll teach her, that'll teach her
Well I just can't wait for her to see
The mess that she's made out of me
That'll do it that'll, serve her right
That'll do it that'll, serve her right
I'm gonna miss her every night
And if I love her for the rest of my life
That'll teach her, That'll teach her
That'll teach her, That'll teach her
That'll teach her, That'll teach her
