I cannot sleep tonight, I have you on my mind,
Even the wind is calling your name,
Though you are far away, I feel that you are near,
Whispering words from over the sea,
And if you wake in your night, remember that I will be
here;

And like the same sun, that's rising on the valley with
the dawn,
I will walk with your shadow and keep you warm,
And like the same moon, that's shining through my
window here tonight,
I will watch in your darkness, and bring you safely to
the morning light.

Where there is love like this, forever, for all time,
I will be there, wherever you lie,
And where there are hearts that live together in one
soul,
Nothing on earth will keep us apart,
And if you're crying inside, remember that I will be
here;

And like the same sun that's rising on the valley with
the dawn,
I will walk with your shadow and keep you warm,
And like the same moon that's shining through my
window here tonight,
I will watch in your darkness, and bring you safely to
the morning light;
I love you, I love you, I love you;

And if you're crying inside, remember that I will be
here;

And like the same sun, that's rising on the valley with
the dawn,
I will walk with your shadow and keep you warm,
And like the same moon that's shining through my
window here tonight,
I will watch in your darkness and bring you safely to the

morning light;

Same sun, same moon,
Same sun, same moon,
Same soul, same heart,
Same world, same stars - you will be forever in my
world;

Same sun, same moon,
Same sun, same moon,
Same soul, same heart, oh, I love you I love you I love
you,
Same world, same stars - you will be forever in my
heart.
