"Memory Of Years"

Looking back on all those good times I had, playing
baseball, runnin' round down by the lake.

Growing older I think about all those memories we
made, A diamond ring, our song, a wedding cake...
Like

Chorus

Gammy's biscuits and gravy brunch, braunschweiger
and a tab for lunch, when me and Bill got home from
that fishing hole. When I look back on all those years, I
just break down cry big tears but I know that I'm not all
alone, In My memory of years

He said I only have a short time to live, as tough as I
was that was hard to fake. Take care of your momma,
she's got a lot left to give. Those memories will live on
for old time sake. Like...

Gammy's biscuits and gravy brunch braunschweiger
and a tab for lunch, and riding those dirt bikes till Dad
got old. Uncle Dave's big eight point, that bean soup
nearly cleared the joint, and I know that I'm not all
alone, in my memory of years.

Bridge

You can save your memories all to yourself
But to talk about them feels so good.
The tree of life keeps growing with everybody's help
I'd turn back time only if I could... Like

Gammy's biscuits and gravy brunch, braunschweiger
and a tab for lunch, when me and Bill got home from
that fishing hole. Frying up those old cat fish, upon this
star I make my wish and I know that I'm not all alone, In
My memory of years
