Come with us and set your mind at ease
There's a place for us to go this summer
Where everybody wants to get on down, down
It's to a place called Ayia Napa
Where love and sun and sea is all around

Where all the drinks are free
So come to my party
The perfect fantasy, fantasy come with me!
A place to hide away on a sunny day
Come with us and set your mind at ease

(Ayia Napa)

Can you feel the sun shining down
Da, da, da, da, da in Ayia Napa
Everyone is sharing love around, around, around
In Ayia Napa (Ayia Napa)
Can you feel the sun shining down
Da, da, da, da, da in Ayia Napa
Everyone is sharing love around, around, around

Everybody here just wants to party
Champagne and drinks are always on the house
You'll find someone who'll always know you
So there's no reason for you ever to be down

Where all the people go
Just to feel the flow
A secret paradise, paradise, girls are nice
A perfect hideaway on a sunny day
Come with us and set your mind at ease

(Ayia Napa)

Can you feel the sun shining down
Da, da, da, da, da in Ayia Napa
Everyone is sharing love around, around, around
In Ayia Napa (Ayia Napa)
Can you feel the sun shining down
Da, da, da, da, da in Ayia Napa
Everyone is sharing love around, around, around

In Ayia Napa

Ayia Napa, yeah, yeah

In Ayia Napa

In Ayia Napa

Do, do, do, do, do, do, do

In Ayia Napa, da, da, da, da, da, do, do

In Ayia Napa, do, do, do, do

In Ayia Napa, do, do, do, do, do, do, do

In Ayia Napa, do, do, do, do

In Ayia Napa

Can you feel the sun shining down

Da, da, da, da, da in Ayia Napa

Everyone is sharing love around, around, around

In Ayia Napa (Ayia Napa)

Can you feel the sun shining down

Da, da, da, da, da in Ayia Napa

Everyone is sharing love around, around, around

In Ayia Napa (Ayia Napa)

Can you feel the sun shining down

Da, da, da, da, da in Ayia Napa

Everyone is sharing love around, around, around

In Ayia Napa (Ayia Napa)

Can you feel the sun shining down

Da, da, da, da, da in Ayia Napa

Everyone is sharing love around, around, around

In Ayia Napa

Ayia Napa
