Fighting sounds fun.. but enemies, please, thats messy
No one wants a conflict, but were hundreds strong and
we wont --
Be stopped till
Fuck I dont know, Fuck i forgot
But this fight stance makes my ass look good
And i like that shit
LIBERATE!
Pump your fist in the air if you're an idiot
Down with bad stuff
Its just like punching only you dont have to hit anyone
and you'll feel so tough!

I read big books about small things and other... stuff
No one wants a conflict, cause we're hundreds strong
and we wont --

be stopped till
Fuck i dont know, fuck i forgot
But this fight stance makes my ass look good
and i like that shit
LIBERATE
LIVERACCI
