grandma says the land you've tilled by hand is meant
to be mine
goodbye
put this in your show and watch it
islam don't teach suicide or killing innocent people
you need another target
your show is a porno that cain wouldn't jerk to
ishmael must be villainized so we can be proven right
despite
your show is a porno that cain wouldn't jerk to
the type of garbage that no man would find mildly
erotic
it's become a snuff film now
man
give us a break
it's filthy
disgusting
foul
the kind of swill that cain wouldn't jerk to
the fox eats tv ishmael
