"Castles"

We go on just the same
With or without the same name
With scattered brains and tattered souls
Just wait just wait
Burn down this statue
We pay cash for petty dreams
You can't duplicate, copy and paste, you can't
duplicate
Burn down these castles
Wash our hands in the flames
We can't forget the dust
We came cause it built us
We dance as it smolders
Weight builds on our shoulders
Paint with your own blood instead
Burn down this statue
We pay cash for petty dreams
You can't duplicate, copy and paste, you can't
duplicate
Burn down these castles
Wash our hands in the flames
In the flames
