Talk about the spirit of '88
That's great!
You kids today don't even know hardcore
Anymore!
Well I happen to think things are cool the way they are.
So far so good,
Take you attitude home.
I wish you would!

From the outside looking in
It's easy to advise.
Of all the things we should look out for.
And all the things that breed demise.

And you've got answers for questions
No one's even asking.
Wasting all of our time just comparing and contrasting.
Things that no one cares about
So give it a rest.
Give us all a rest.

Well if it sucks so bad then why come around?
Things aren't even half as bad as you make them
sound.
We don't want to hear your whining - you've got no
solutions.
Take you attitude home. that's all the contribution
We need
From you.
