[Verse 1]

Yo can't nothing come between me n my queen, me n my team, me n my dreams of getting this green. I went from flippin them

Things, crippin triple beams, dippin in different things by any n all means. I seen a lot a hatred a lot a fake shit but I

Knew that me n you boo we'd always make it n we do through stormy weather through all endeavors in all vendettas together

It'll all be better what's the sense of having all this chetta if a nigga can't spend winter, spring, summer, fall together

Ball forever against the wall whatever but I??m the one that you can call whenever (Nothin' Nothin' Can) I'm yours

Forever.

[Chorus]

Nothin' Nothin' can ever come between us there's a reason why where still in love can't nobody ever break us up they should know nothin'

Nothin' can ever come between us there's a reason why were still in love can't nobody ever come between us up they should

Know nothin' nothin' can.
