As you spoke  
Of vegas and of vanity  
A kindness grew inside your cheeks  
It starts a tear along the seams

And you told  
Of that burn inside your throat  
How it made you feel alive  
Why you set it all on fire  
And how you'll never let it die  
How you'll never let it die(how you'll never let it die

And all, the while  
I understood completely  
Even as, you said  
"I hope you can believe me"  
What you love, you burn  
Till the embers fade like beauty  
And the glow it keeps you warm

And how you drove  
New york from new mexico  
And of the kids he left alone  
The debt you'll pay but never owed

And how you lost  
That feeling in your arm  
Felt his hands around your throat  
Of your father and his gun  
I would've let that trigger slip  
I would've let that trigger slip  
You know I'd kill him in his sleep

And all, the while  
I understood completely  
Even as, you said  
"I hope you can believe me"  
What you love, you burn  
Till the embers fade like beauty  
And the glow it keeps you warm

But don't worry dear someday you'll find the fire that

doesn't burn  
Someday you'll find the fire that doesn't burn  
Someday you'll find the fire that doesn't burn  
Till then you'll always set it all on fire  
You'll always set it all on fire  
You'll always set it all on fire  
And I understood that all the while
