### VERSE I

I'm done with loving you  
I've been wasting my time  
My precious time on you  
I'm gonna walk away  
Walking far away  
I don't have anything  
More to say

### BRIDGE

Ooo, how could you lie to me, tell all  
Those things i did believe from you  
O, ooo how could i ever think that you're  
The one, that you're the one for me

### CORUS:

Ai, ai, ai, escucha\_me, y deja me vivir en paz  
Ai, ai, ai, mira\_me, mi corazon partido esperando porti

### VERSE II

To hang around and wait for you  
Was all what i did. how could  
I be such a fool with you  
I wanted to take, wanted to take a run  
But now i finally see that you're not the one

### BRIDGE

Ooo, how could you lie to me, tell all  
Those things i did believe from you  
O, ooo how could i ever think that you're  
The one, that you're the one for me

### CORUS:

Ai, ai, ai, escucha\_me, y deja me vivir en paz  
Ai, ai, ai, mira\_me, mi corazon partido esperando porti  
Ooo my love, you don't belong to me

I don't need you any longer

Ooo i'm losing love

I'm too too good for you

### CORUS:

Ai, ai, ai, escucha\_me, y deja me vivir en paz  
Ai, ai, ai, mira\_me, mi corazon partido esperando porti
