Do it to me one
Just one more time
Oh Baby let's get down tonight
Everybody dance and feel all right
Rhythm of the night

Do it to me one
Just one more time
Oh Baby let's get down tonight
Everybody dance and feel all right
Rhythm of the night

We're running out of time
Another day in paradise so come on...
And nothing is forbidden
There's no one who can stop us tonight...give me your
love

Do it to me one
Just one more time
Oh Baby let's get down tonight
Everybody dance and feel all right
Rhythm of the night

Do it to me one
Just one more time
Oh Baby let's get down tonight
Everybody dance and feel all right
Rhythm of the night

I am lost in a dream
Can't believe that it's real
It's never knew it exist
You're the one for me
It's the rhythm of the night
It will catch you anytime
Give me once give me twice
Your love

I can see it in your eyes
But there's no time for foolish bright
No come on...

If you wanna feel the sun

Than just hang on to this love deep inside
Inside your heart

Do it to me one
Just one more time
Oh Baby let's get down tonight
Everybody dance and feel all right
Rhythm of the night

Do it to me one
Just one more time
Oh Baby let's get down tonight
Everybody dance and feel all right
Rhythm of the night

And my love is in a dream
Can't believe that it's real
It's never knew it exist
You're the one for me
It's the rhythm of the night
It will catch you anytime
Give me once give me twice
Your love

Rhythm of the night...of the night...
Lalalala la lalala lalalalalala

Do it to me one
Just one more time
Oh Baby let's get down tonight
Everybody dance and feel all right
Rhythm of the night

Do it to me one
Just one more time
Oh Baby let's get down tonight
Everybody dance and feel all right
Rhythm of the night

Lala lalala lalala lalala
Lalalala lala lalala
