Feat. Timbuktu

[Timbuktu]

In the year 2000, watch out for Looptroop

Coming to reclaim a city near you

It's Timbuk with the truth, detonate your city like a nuke

And duck from blue suits and cop boots

Headline the news and reclaim the avenues

Scare them nazi crews with rap attitudes

Cause mass media's polluting the nation

This is my Swedish history exclamation

I'd rather stand up for my views in handcuffs

This shit you can't trust, get fucked and banged up

Back in the days the state helped Hitler

Now they're trying to arrest me for packing rizla

I can't live the law that they speak

My cause is deep, I keep prowling while you're asleep

(Yes!)

Cause me and Promoe, keep a low pro

A big bro catch us on a satellite photo

So when the punk police roll up from light, what

You want an autographed poster?

You cops are the same all over the world

Wanna brush me with the night sting

Charge me with anything, the mic stink

How sick can y'all get?

Timbuktu's the terrorist target

Excuse me, sergeant, you need a pause for breathing

I'm gonna put my hands on a mic where you can see them

And yes, I use profanity and foul language

You can point your fingers at me cause I'm the bandit

That's how they planned it, so I can look like the enemy

Fucking with us [?] , the melody

This here's a 28 bar felony

Rounded with the Looptroop to reclaim your city

[Chorus: Cos.m.i.c]

Nowadays, who got rights? The people? Not quite

Can you truly say that you feel safe in daily life?

I try to rise cause the way I see democracy

Got to be the opposite of your hypocrisy

A cop to me is like a certified murderer

Who push you down mentally and physical
