I'm feelin' stressed there's a stone in my chest./
I'm miles away from performing my best./
I gotta open up, let go of that weight,/
Fast before my past is catchin' up the pace./
I didn't wanna leave, I just had to./
Never knew how you felt about it, forgot to ask you./
I'm glad for the time we had, those years were the
finest,/
But I can't live in a world full of blindness./
What I'm looking for can't be found here./
The place I wanna go to ain't around here./
So I'm leaving, ain't no packing needed./
If there's a better place to live I gotta see it./
Maybe I am looking for love,/
Or maybe I'm just sick of this world./
Don't matter, if I said I cared I would lie./
This ain't the time for bad theories about why./
So don't try to figure it out,/
You can't cus if I could I wouldn't be where I'm now./
Just live your life and take it easy my friend./
The future is ahead to come and we'll meet again
