I'm feelin' stressed there's a stone in my chest./  
I'm miles away from performing my best./  
I gotta open up, let go of that weight,/  
Fast before my past is catchin' up the pace./  
I didn't wanna leave, I just had to./  
Never knew how you felt about it, forgot to ask you./  
I'm glad for the time we had, those years were the  
finest,/

But I can't live in a world full of blindness./  
What I'm looking for can't be found here./  
The place I wanna go to ain't around here./  
So I'm leaving, ain't no packing needed./  
If there's a better place to live I gotta see it./  
Maybe I am looking for love,/

Or maybe I'm just sick of this world./  
Don't matter, if I said I cared I would lie./  
This ain't the time for bad theories about why./  
So don't try to figure it out,/

You can't cus if I could I wouldn't be where I'm now./  
Just live your life and take it easy my friend./  
The future is ahead to come and we'll meet again
