I've been missing you

I've got the roses, I've got the wine  
With a little luck she will be here on time  
This is the place we used to go  
With romantic music and the lights down low  
And as you stand there amazed at the door  
And you're wondering what all this is for

It's just a simple thing, from me to you  
The lady that I adore, 'cos there's something  
That you should know, it's that

I've been missing you, more than words can say  
And that I've been thinking about it every day  
And the time we had just dancin' nice and slow  
And I said, now I've found you, I'm never letting go

There is no reason to the things that we do  
You can break a heart with just a word or two  
And take a lifetime to apologize  
When the one you love's in front of your eyes  
And I will fall to my knees like a fool  
If it's the only way of getting through

You see if I think you are beautiful  
Someone else is gonna feel it too  
So there's only one thing to do, tell you that

I've been missing you, more than words can say  
And that I've been thinking about it every day  
Well, tonight's our night for dancin' nice and slow  
Because now I've found you, I'm never letting go  
No, now I've found you, I'm never letting go

I've been missing you  
I've been missing you  
I've been missing you  
I've been missing you, darling
