Natasha brings me kisses in the moonlight
She kneels above me, silk upon my skin
I reach for her and I can feel her heartbeat
Beneath her breast so heavy in my hand

The rain is runnin' rivers on my window
And shimmers on the streetlights down below
She's happy when I hold her in the shadows
And whispers of a life I've never known

And will you dance, Natasha dance for me
Because I want to feel the passion in your soul
And when you dance, will you tell me in a story?
The joy and pain of livin' in your world

La la la, la la la, la la la
La la la, la la la, la la la
La la la, la la la, la la la
La la la, la la la, la la la

And with the light, I wake up in the mornin'
And she has gone, it must have been a dream
And then I see the roses on my pillow
And now I know that she will come again

And she will dance, Natasha dance for me
Again I want to feel the passion in your soul
And when you move, will you show me in a story?
The joy and pain of livin' in your world

La la la, la la la, la la la
La la la, la la la, la la la
La la la, la la la, la la la
La la la, la la la, la la la
(Natasha dance for me)

La la la, la la la, la la la
La la la, la la la, la la la
La la la, la la la, la la la
La la la, la la la, la la la

La la la, la la la, la la la

La la la, la la la, la la la
La la la, la la la, la la la
La la la, la la la, la la la

La la la, la la la, la la la
La la la, la la la, la la la
