Suddenly love

Comes in and finds me on open ground

Nowhere to hide, nowhere to run

There's no turning back

And a journey has just begun

Suddenly love

Breaks down the doors, there is singing inside

And all of the light that's in your eyes

Shining here tonight

Has woken the man in me

And the woman in you

The woman in you

All night, heads on the pillow

And eyes that are never shut

All night, rain on the window

But inside, we have so much

Suddenly love

Takes me away where I've never been

Shows me a world I have never seen

I could only dream

That I ever would find myself

With a lover like you

A lover like you

All night, heads on the pillow

And eyes that are never shut

All night, body to body

And thrilling to every touch

Oh, suddenly love

Takes me away where I've never been

It shows me a world I have never seen

And I just want to be

Alone in your mystery

Love me over and over

And over and over again
