The moon is on the bright side
But we've thought of everything
Send the word to the prisoners tonight
We getaway

When you hear signs of confusion
Come drifting through the door
Get your belongings together
Don't leave nothing behind

And hey boys, tonight we getaway
To the other side
Head for the wall and getaway

We're sick and tired of hearing
That the world is gonna blow
So there's something we'll do
To the leaders before we go
Let's stick 'em in a room together, yeah
And make them fight it out
Until they see nothing from nothing
Will leave nothing at all

And hey boys tonight we getaway
To the other side
Head for the wall and getaway

Open the door, open the door
Let me out, I wanna go

Das ist auch unsere welt
This is our world too
Oui c'est notre monde aussi

Hey boys tonight we getaway
To the other side
Head for the wall and getaway

Hey boys tonight we getaway
To the other side
Head for the wall and getaway

Hey boys tonight we getaway
To the other side
Head for the wall and getaway

Hey boys tonight we getaway
To the other side
Head for the wall and getaway
