It was late in November  
When we first met  
That's the time I remember so well

We were two passing strangers  
Who would know what we know now  
Just two hearts reaching out for each other

The sun was shining  
And my heart was falling in love

We got so much love  
Now is the right time  
We got so much love  
You're always on my mind

We got so much love  
Feels so good you're mine  
We got so much love  
Feels so good you're mine

When I'm with you it's the right time  
I feel so good you're mine  
There's no words to express how I feel

Put some logs in the fire  
When you hold me in your arms  
And feel that love burning with desire

The snow was falling  
Outside my window pane  
It still had me falling in love

We got so much love  
No words could express the way I feel  
We got so much love  
Now I know, I know that this love's for real

We got so much love  
Rain or shine you'll be mine  
We got so much love  
I'll be there to comfort you my baby, oh

We got so much love  
Come and hold me  
Hold me close  
I need you the most

We got so much love  
Come and show me that you love me  
That you're always thinking of me

We got so much love  
I'll show you, I'll guard you  
I'll always be beside you now

We just got to take our time  
'Cause I'll always be beside you  
You'll always be in my mind
