I guess I should have noticed that you were all alone
I just saw you saying I want to take you home
Your beauty was deceiving and I was in the Twilight's
Zone

Well, you didn't like my parties and then there was my
friends
At first I tried to please you but then there was no end
If it's good enough for me, they're good enough for
you too

Who are you? Who are you?
Who are you? Are you

You get so intoxicated that you find it hard to see
And then you tell me stories, are they purely fantasy?
What I don't understand just why you play these games
with me?

If you don't get tobacco you think the world has
stopped
You're pacing up and down like an Alfred Hitchcock
plot
I've come to the conclusion that you could not be worse
for me
For you, yes me

Who are you? Who are you?
Who are you? Are you

Tell me who?
Tell me who?
Just tell me who are you?

Who are you? Who are you?
Who are you? Are you

Who are you? Who are you?
Who are you? Are you

Who are you? Who are you?
Who are you?
