I wanna make love to you
I wanna make love to you

Take you to my place
Wrap you in my arms
Undress you with my eyes
Love until you can't take no more
You can't take no more

I wanna make love to you every moment of the day
I wanna make love to you every moment of the day
I wanna make love to you each and every way
I wanna make love to you every moment of the day

All cos I
All cos I love you

Watch the fire burn
Naked on the rug
Put your shoes back on
Sip the wine and let my finger to the talking
my finger to the talking

I wanna make love to you every moment of the day
I wanna make love to you every moment of the day
I wanna make love to you each and every way
I wanna make love to you every moment of the day

All cos I
All cos I love you

I do
I do
Ahh
(I wanna make love...)

('guitar solo')

All cos I
All cos I love you

All cos I

All cos I love you
