I know all you want is sleep,
But these neuroses go pretty deep,
And the words, we use,
Aren't the nicest ones,

I know what a jerk I am,
And what a pain in the ass you are,

But I don't want to drive you off a cliff,
So we before we get to that,
I gotta say, "Sorry, I take it back",
I'm sure you don't want to burn the apartment down,
So before we get to that
Could you please just take it back?

It looks as though you are cursed,
As for being difficult, I'm the worst,
But at times you'll find,
I'll make it easy on you,

I know what a jerk I am,
And what a pain in the ass you are,

But I don't want to drive you off a cliff,
So we before we get to that,
I gotta say, "Sorry, I take it back",
I'm sure you don't want to burn the apartment down,
So before we get to that,
Could you please just take it back?

Listen, I heard what you said,
You don't have to repeat it,
I'd rather the conversation,
Got totally deleted,

But I don't want to drive you off a cliff,
So before we get to that,
I gotta say, "Sorry, I take it back",
I'm sure you don't want to burn the apartment down,
So before we get to that,
Could you please just take it back?
