The story over  
The final chapter  
Laid to rest  
And said our last goodbyes

They say we come from nothing  
And return to nothing  
Dust to dust  
That fairy tale is nothing but a lie

We all search for meaning  
In an age of reason  
Before our eyes the prize  
That very few can see

To live for now and ever  
Past ties are ripped and severed  
Break the chains and claim  
Our immortality

Thrown from the precipice  
Cast to damnation  
For new life: a sacrifice  
Old life must die  
Oh, yet the spirit still remains...

Challenge obsolete ideals  
Deconstruct reality  
Recreate the world around me  
I will be reborn  
Leave forgotten sins behind  
Resurrect my will to be  
I arise for my ascendance  
I will be reborn

Look past naive delusions  
To see a new day  
Oh, a place with no confusion  
So take me away...

[Solos: LT]

Torn from the chrysalis  
Raging with hunger  
Emerge from the funeral pyre  
The Phoenix arise

Thrown from the precipice  
Cast to damnation  
For new life: a sacrifice  
Old life must die  
Oh, yet the spirit still remains...

Challenge obsolete ideals  
Deconstruct reality  
Recreate the world around me  
I will be reborn  
Leave forgotten sins behind  
Resurrect my will to be  
Beyond the sacrifice

Arise... I will be reborn
