War  
And so it goes  
Two nations, single-minded hate  
When treaties fail  
Condemn the world, it's ghastly fate

Of those who live  
In troubled times, in terror's shroud  
Always fear the worst  
But never dare believe it's now

[Pre-chorus:]  
The time has come; it's the end of days  
Our peaceful life: A ticking bomb  
Our time has slipped away

[Chorus:]  
And when there's nowhere to run  
Fiery clouds of death that blanket the sun  
And when the last war is "won"  
No life remains, our world has turned to stone  
And died in flames...

Death  
A grim demise  
Black shockwaves herald toxic rain  
And all who died  
More fortunate than those who still remain

A tortured death  
Blistered skin, the cancer grows  
All lost, now feel the  
Winter's kiss, I'll winds blow

[Repeat pre-chorus & chorus]

[Solo: Mark / LT]

Fate  
The course of time  
History's path, a legacy of hate  
All sense denied

Descending to the end we helped create

And nothing learned  
We're tracing circles once again  
As the planet burns  
Ashes to the winds
