

## Lord "Through The Fire"

Visit "[Through The Fire](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Watch another fortune fade away  
Another dream cast to the wind  
Chronos waits to seize the day  
So play his game and play to win

[Chorus:]

Take hold of life - walk through the fire  
Sometimes it seems like time is slipping away  
Take hold of life - walk through the fire  
Don't waste your life when time is slipping away

Like the golden goose that never lays  
Always waiting for the sign  
Time to see it's time to be  
Release the hero, free to fly

[Chorus]

[Solo: Chris Brooks / LT / LT (harmony)]

Search inside to find the truth  
Circumstance won't come to you  
Be the one you want to be  
Live your life to live your dreams

[Chorus x2]
