Black is the night...

Black is the day...

Even the visions are crashed away

Come take this soul...

Come end this tale...

Come save my morning from yesterday

I feel I am drifting far from the light longing for a morning...

After this night

The blood around me...

Atones my sins...

The shadows have gone...

And coldness begins

Farewell reality!

Forever I am free!

No more pains no more lies...

No more blood to see...
