(look at shorty) (she's not my type)  
Finesse? (yeah baby? ) oh it's like that now? (repeat 4x)

I like my girls strong and solid  
Whether they're loyal or have bones in their closet  
I want one with better sense that keep dead presidents  
And know what to do when she comes to my residence  
Whether you're a virgin or the average whore hopper  
I take 'em all, even females with the door knockers  
I'm a get mine, let all the men sleep  
Girls, don't run that shit that beauty's only skin deep  
Cause I don't want no girl with a brillo face  
Or the type that leave jheri curl juice on my pillow case  
I'm a let you know for girls that need a head start  
To lose some fat, a few pounds, and some stretch  
marks  
I want a female that has a mind on track  
And still looks good without the makeup or contacts  
The type that keeps her business a secret  
And has a body others can't compete with  
Crazy fine, big behind  
Work all day, come home, cook, the whole nine  
A female that's also inclined to rap  
Make the fellas say (yo, where did you find her at? )  
That's the female that the fellas be peeping  
Hanging with the rest of the girls every weekend  
Guys want to rap to her, sweat her and run after her  
She got it going on with a future in back of her  
Far from chubby, scarred, or ugly  
I rate her a 10 because damn she looks lovely  
She got a chest that can elevate any shirt  
She makes heads move when she's wearing a miniskirt  
She's full grown, got everything sewn  
Crazy smart with a mind of her own  
She stands alone when compared to all the rest  
That's a girl made strictly for lord finesse  
She looks good and got everything on tune  
Yeah, I like my girls with a boom

(look at shorty) (she's not my type)  
Finesse? (yeah baby? ) oh it's like that now? (repeat 4x)

Come party and hoe with this gigalo soloist  
Strictly for the ladies and far from a chauvenist

I like girls from around the way  
In tight jeans or miniskirts or some lounge array  
I need a female with more shape than an s-curl  
So when the crew see her they go (yeah, that's  
finesse's girl)  
I like them light skinned, hair color mustard  
(what about her? ) nah, she looks busted  
I'm just playing so don't think I'm predictable  
Cause light skinned or dark skinned I still wanna get  
with you  
No need to front whether older or younger  
I don't discriminate because age is just a number  
Dating a girl younger than me, that might seem cooler  
But I'll be damned to go to jail for a preschooler  
I want a hottie, smart not snotty  
The one that didn't bring a man to the party  
Makeup, extentions? that's not necessary  
I'll take you in whether a maid or a secretary  
Or a mcdonald's worker, or a receptionist  
Cause I'm a specialist for those that step to this  
There's so many girls, I don't chase after one hoe  
Pimping ain't easy but I find it quite fun, though  
I don't like a girl that be hanging with a slut group  
I can't sport a female who scores out a buck tooth  
I need a female I can sport when I'm outdoors  
I'm not choosy, I got a rep to look out for  
Like I said before, you have to be into rap  
(there's a problem) hey, I can live with that  
I'm 21, out for fun  
Ugly girls are okay, but I won't go out with none  
Cause as soon as I date them or as soon as I get them  
(ewwww, who's that girl finesse got with him? )  
So you see, I can't just date anyone  
But for now I just stick to the pretty ones  
The ones crazy cool, looking all smooth  
The female that make all the fellas go "oooohh"  
(finesse is choosy) that's what you all assume  
Nah, I like my girls with a boom

(look at shorty) (she's not my type)  
Finesse? (yeah baby? ) oh it's like that now? (repeat 4x)
