I blew a kiss across the waves  
Jst so it covld get to yov  
I feel lonely and betrayed  
Abandoned and so destitvte  
Nothing ever changed  
As far as my love yov  
Now I face this madness  
No one ever made  
More sense to me than yov do  
Yov're the one I've made  
Fall in love and become  
What I am to yov  
Now I mvst face my madness  
Don't yov ever say  
Forever never meant nothing to yov  
Cavse I can't take  
This time away from my  
Chosen One  
This is madness (madness)  
I don't sleep  
I won't eat  
I don't feed  
This is madness
