For so long I've been watching yov  
I'm peeping through yovr keyhole  
Yov've aged so pretty it's a sin to simply know yovr  
thinking  
I still see yov when yov're sleeping  
Yes I see yov when yov're awake  
I even know yovr lvst has no self control goodness sake

Here I am on top of yov  
As I once was on yovr roof  
I'm crawling like a thief so elfish I can be  
I know that yov don't see me  
Yet yov're bovnd to feel me breathe  
Breath as cold as Christmas eve  
I'm bearing gifts to give yov  
So keep yovr eyes closed wicked baby  
This time yov will ride with me

Wicked ye have been to me  
To never give at all  
I give so mvch my wicked thing  
Yet yov give me naught
