it wrote this song for you
don't let (?) and this smiling fool you baby
i wanna let you know that i miss you
and i think about you everyday

its been a minute since i seen ya
but don't think for a minute that i don't miss ya
baby i've been on my grind
i know it seems that i, that i purposely wanna ditch ya
but baby it's not like that at all
i know it seems i missed, missed most of your phone
calls
ooh baby charge it to my head and not my heart
cos i don't want this (?) love to fall
just want you to know the truth
that anything you need i'll do
so don't think at all
ooh that i'm not thinking of you baby
and no matter you will always be my lady

i gotta get to (?), something i gotta do
but it's not for me, baby it's all for you
for you, for you, for you, for you
for you, for you, for you for you
i gotta get to (?), something i gotta do
but it's not for me, baby it's all for you
for you, for you, for you, for you
for you, for you, for you for you

girl every minute i'm thinking of ya
and when i lay my head i'm dreaming of ya
ooh i know you standing asking why i never have time
(?)
so i gotta do what i gotta do
not for me, it's all for you
cos i don't wanna lose
the way that you love me,
the way that you touch me,
the way that you hug me
just want you to know the truth
that anything you need i'll do

so don't think at all
ooh that i'm not thinking of you baby
and no matter you will always be my lady

i gotta get to (?), something i gotta do
but it's not for me, baby it's all for you
for you, for you, for you, for you
for you, for you, for you for you
i gotta get to (?), something i gotta do
but it's not for me, baby it's all for you
for you, for you, for you, for you
for you, for you, for you for you

(i do is, this is for you) (repeated)

i gotta get to (?), something i gotta do
but it's not for me, baby it's all for you
for you, for you, for you, for you
for you, for you, for you for you
i gotta get to (?), something i gotta do
but it's not for me, baby it's all for you
for you, for you, for you, for you
for you, for you, for you for you
