I never thought that someone would come change
something that once was.
I never thought that it would come again, it must've
been the man above.
Threw love out the window and you, you must've been
outside.
Because it landed on your heart and I don't know the
reason why.
God blessed me with you.
I did so much hurt, I'm shame of it.
Girl you get my highest bid.
They survived, don't wanna quit.
She must've told the heavens that she would be right
back.
Cause she's an angel, that's a fact.
In love with me is where she's at.

Just like Mastercard, baby you are priceless
I'm you're super hero, lady baby you're my sidekick.
And all the hard times are worth it and babygirl you
deserve it.
Never thought that I would be the man to have the
closest thing to perfect.

I never thought that I would pinch myself to see if it was
real.
I never thought that I would gain a love, so good it
feels.
You caught my love out the window and brought it back
to me.
Got 20/20 vision, but you are all I see.
Angel, angel, baby you were sent from heaven.
Angel, angel, lord knows I don't deserve this blessing.
She must've told the heaven sky she would be right
back.
Cause she's an angel, that's a fact.
In love with me is where she's at.

Just like Mastercard, baby you are priceless
I'm you're super hero, lady baby you're my sidekick.
And all the hard times are worth it and babygirl you
deserve it.

Never thought that I would be the man to have the
closest thing to perfect.

Just like Mastercard, baby you are priceless
I'm you're super hero, lady baby you're my sidekick.
And all the hard times are worth it and babygirl you
deserve it.

Never thought that I would be the man to have the
closest thing to perfect.

Heaven please wait a while,
I need this girl here with me.
She's an angel I understand but I won't make it if she
leaves.

Heaven please wait a while,

She's an angel I understand but I won't make it if she
