Are you ready
Girl you better bob and weave
I'ma take you twelve rounds tonight
Girl you better wait and see

Tonight we're going twelve rounds (rounds)
I won't stop until I knock you out (out)
I am undefeated and I trained like I never did
I am undefeated and I feel like a champion

Weighin' in at this corner something dig with smooth
skin
We have at the other corner Chris Echols, yea I'm the
man
Bring up the referee and let's start with round one
Make sure my glove is tied and I guarantee she's done
Round one, I'ma f*ck around and knock your ass out
Stick a move, me and you, show me what you're about
Taboo on you, I'm stickin' you baby
You better throw it back, or get knocked out miss lady

Get in my sex dream, (my sex dream) show you what's
it all about
Get in my sex dream, (what I'ma do) I'm 'bout to knock
that booty out
I'ma knock it out, knock it out, knock it out
(I'ma knock that booty out)
I'ma knock it out, knock it out, knock it out
Get in my sex dream, show you what it's all about
Get in my sex dream, I'm 'bout to knock that booty out
I'ma knock it out, knock it out, knock it out
I'ma knock it out, knock it out, knock it out

Now we're off to the second round (round)
Put your ass (?) went down (down)
Now I got you dizzy give it to you like you never had it
Yea I'm 'bout to get your ass I see the birds over your
head
Get you in a corner, laying these jabs on ya
Givin' you every position, tryna put you in a coma
I got you leanin' baby, it's just the second round

Hit your ass with a combo and now we're just getting
loud
Now she's fallin to her knee so I hit her one more time
Girl I'm a heavyweight, "You must stop I resign"
10 9 8 7 6 5 4 3 2 1
I knocked that booty out
She said "Chris you're my number one"

Get in my sex dream, (get in my sex dream) show you
what's it all about
Get in my sex dream, (what I'ma do) I'm 'bout to knock
that booty out
I'ma knock it out, knock it out, knock it out
(I'ma knock that booty out)
I'ma knock it out, knock it out, knock it out
Get in my sex dream, (I'ma) show you what it's all
about
Get in my sex dream, I'm 'bout to knock that booty out
I'ma knock it out, knock it out, knock it out
I'ma knock it out, knock it out, knock it out

Are you ready
Girl you should've bob and weaved
I knocked your ass out tonight
So now that ass asleep
