"They called me the Leather Apron  
They called me the smiling Jack  
They prayed to the heavens above  
That I would never ever come back"

Can you hear how the children weep?  
Chills of fear like a sawblade cutting deep

Once again there is pain  
I bring flames - I bring cold  
I'm the Blood Red Sandman coming home  
On this unholy night I will make you my own  
Blood Red Sandman  
Coming home again

Red drops stain satin so white  
-"The way I sign my name"  
The neighborhood's pretty dead at night  
-"And I'm the one to blame"

Scream all you want you won't wake up when you  
scream  
"No-one leaves.....  
..... The Monsterican Dream"

### 12. Bring It On (The Raging Hounds Return)

Hello I am Bill, who the hell are you?  
I bring the word from the dead  
this is the day they shall re-animate  
and get their claws on your necks"

A pack of raging wolves are howling  
awaken from their sleep of sin  
Hail to the creeps - HAIL!  
thunder unleashed - HAIL!  
no beasts so fierce

Bring it on, bring it on big time  
bring it on, bring it on down  
bring it on-

the rancorous return from their graves  
wont you bring it on, bring it on big time  
bring it on, bring it on down  
bring it on  
behold your town will burn  
as the raging hounds return

the rampant helldogs  
rampaging near  
the unholy proliferates  
they taste your blood  
and they smell your fear  
on your mark-  
get set-  
decapitate!

A pack of raging wolves are howling  
awaken from their sleep of sin  
Hail to the creeps - HAIL!  
thunder unleashed - HAIL!  
no beasts so fierce

Bring it on, bring it on big time  
bring it on, bring it on down  
bring it on-  
the rancorous return from their graves  
wont you bring it on, bring it on big time  
bring it on, bring it on down  
bring it on  
behold your town will burn  
as the raging hounds return

Ominious haze dispersing by the moonlights order  
they got their prey - theyre gone with your daughters  
claimed their souls - turned em into martyrs  
they will burn - as the hounds return
