Attention Class!

Here we come

We kick your ass

That's lesson one

I know you've been living in heresy

Correction's what you need
Less isn't more

Less is Less

The more the better

The most the best

You gotta turn up the amps past overload

Eardrums will explode
We are what we want to be

(Monsters of rock we are for real)

Stand Up for what you believe (and shout)
Hail in the name of rock and roll(x3)

Bringin back the balls, bringing back the balls to rock
Breathing Fire, spitting blood
Biting of the heads of bats and doves

Dragon boots, guillotines

That's what I want to see
We're the SMF with metal hearts

Got love machines, we're breaking the law

We've got the looks that kill

We're the youth gone wild

We're the creatures of the night
We are what we want to be

Monsters of rock, we are for real

Stand up for what you believe (and shout!)
Hail in the name of rock and roll(x3)

Bringing back the balls, brining back the balls to rock
Big drums, leather and chains

Loud guitars, grimace and flames

The two finger sign

Raise your fist up high!
